■ Performance

■ Main Locations

— Development/Manufacturing —

Ebina Center (Kanagawa, Japan)

Principal site to develop copy/multifunction devices and related products, as well as to establish manufacturing technologies

Iwatsuki Center (Saitama, Japan)

Focuses on development of printers, multifunction devices for large-format drawings and plotters

Takematsu Center (Kanagawa, Japan)

Develops and manufactures imaging materials for copy/multifunction devices and printers

KSP Center (Kanagawa Science Park) (Kanagawa, Japan)

Develops software that is key to the document-related services business

Suzuka Fuji Xerox Co., Ltd. (Mie, Japan)

Serving as Fuji Xerox's flagship production site in Japan, it handles all manufacturing processes, from development to assembly of printed wiring boards, optical units and mechanical parts

Fuji Xerox Imaging Materials Co., Ltd. (Toyama, Japan)

Produces imaging materials for copy/multifunction devices and printers and has a dedicated state-of-the-art plant for EA toner

Niigata Fuji Xerox Manufacturing Co., Ltd. (Niigata, Japan)

A subsidiary responsible for integrated development and production—from basic technologies to finished products—of photoreceptor drums, engines, controllers and software for laser printers

Fuji Xerox of Shanghai Limited (Shanghai, China)

Develops and produces low- to mid-speed copy/multifunction devices as well as toner cartridges

Fuji Xerox of Shenzhen Ltd. (Shenzhen, China)

Produces laser printers, copy/multifunction devices and consumables

Fuji Xerox Eco-Manufacturing Co., Ltd. (Thailand)

An integrated recycling site to recycle used products recovered from nine Asia-Pacific countries and regions

Fuji Xerox Eco-Manufacturing (Suzhou) Co., Ltd. (Suzhou, China)

Recycles used products recovered throughout China (excluding Hong Kong, Macao and Taiwan)

— Sales Offices —

Tokyo Sales Office (Tokyo, Japan)

A core base for sales/marketing activities

— Research Laboratories —

Nakai Research Center (Kanagawa, Japan)

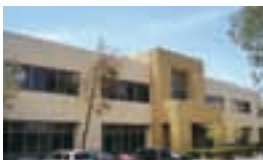

Globally researches and develops digital image processing, networking, environmental and other technologies as Fuji Xerox's core R&D center

China Sales & Marketing (Shanghai, China)

Promotes business development in China (including Hong Kong and Macao, excluding Taiwan)

FX Palo Alto Laboratory, Inc. (California, United States)

A research base in Palo Alto, California that conducts research mainly on multimedia and information-related technologies

AP Sales & Marketing (Singapore)

Promotes business development in the Asia-Pacific region (excluding the regions that China Sales & Marketing oversees)
